**Subject: Offer of Fellowship for Writing a Book on Palestine**

Dear Vineet,

Your deep engagement with the Palestinian political and cultural activists and people's movements in Palestine, and unwavering commitment to the cause of a peaceful and just world order have contributed immensely to enriching the public discourse on Palestine and has inspired fellow writers and activists in India. We believe that documenting your insights, experiences, and reflections in the form of a book will be of immense value to students, activists, and the wider public in India.

Accordingly, we are pleased to offer you a Fellowship for the purpose of researching and writing a book on Palestine. The fellowship will support your work during the period from 1 August to 31 October 2026 and will include a fellowship grant of Rs. 50,000/- (Rupees Fifty Thousand Only). The book will be originally written in Hindi. You shall retain the copyright, but the Granthalaya will have the right to publish the Hindi version and if necessary, reprint it. The Granthalaya shall also have the right to get it translated into English and Marathi and publish the translated versions. We hope that this fellowship will provide you with the opportunity to systematically record your experiences, analyses, and perspectives, thereby creating a lasting contribution to the understanding of the contemporary social and political developments in Palestine. Kindly convey your acceptance at your earliest convenience so that the necessary formalities may be completed.

We look forward to the publication of your work, which, we are sure, will serve as an important resource on the question of Palestine.

With warm regards,

**Amit Narkar**
